## PLANET THEMES

BY SASHA BOYLE

### *Mercury Retrograde*

A time to slow down and take in the deep whole of the processing of information. Words and wit are ruled by Mercury so it stands to reason this is the space of alternate communication, art, music, dance & magic..

### *Venus Retrograde*

A time of emotional disappointment. Venus can sometimes be overtly compliant or the other extreme, haughty. A whole-hearted review, breathing into and out of your heart center to learn how to surrender from the fruits of your own labor is the work.

### *Mars Retrograde*

A time of impulse mediation. Mars is action and desire but when it is solely directed inward, the physical body suffers. Acceptance and courage are Mars tools but knowing what the right tool for the job is what we want revealed.

### *Jupiter Retrograde*

A time to seek your own (maybe inconvenient) truth. Jupiter is a teacher, a traveler, a maker of individualized traditions but too much planning can be overwhelming & lead to a good idea with no practical result. Spiritual experiences that won't lead to bypassing the material world is key.

## Saturn Retrograde

This is a space of enchantment that will allow for childhood magic to enter in the unfolding of your responsibility. Saturn can bring such sadness. This is a time to fight perfectionism and to be able to work in the middle of the unfinished tasks surrounding you. Aim yourself in the direction of your mastery and allow the inner fear to exist as you move forward, allowing agency for your meaning making.

## Uranus Retrograde

This is a time to assess how you handle changeability. In the midst of electric shocks and insights, contentment can be found by knowing that sometimes change happens.

## Neptune Retrograde

This is a space to see the illusion for what it is, an obstacle course for the soul. The adventures of your life are cloaked in lessons, and Neptune often dissolves your homework when you are done. In retrograde, insight may be revealed to help you implement healthy and thrival boundaries in your life adventure.

## Pluto Retrograde

This is a time to arise from the ashes of your old self. As Tiffany says, “you are born wise” and the skills to help you separate the real from the unreal may be a bit easier to tap into now.
